

SWALE COMBINED ATHLETIC CLUB

Dear Head Teacher/ Head of Sport,

Swale Combined Athletic Club are again organising a 2km inter primary school competition, with the winning team receiving a perpetual shield for a year. The first three teams will all receive a plaque which can be kept by the school.

Last year's winners were:

- 1st- Minterne Community Junior School
- 2nd- South Avenue Primary School
- 3rd- Rodmersham Primary School

The Club are organising this in conjunction with the Sittingbourne Invicta Rotary Club 2km fun run being held at Westlands Secondary School playing fields on Sunday 14th May. The race will start at 9.45am, entry fee will be £2.50 per athlete and registration will open at 8.30am and close at 9.30am. All runners will receive a finishing medal.

Teams can include as many runners as you like, the top 4 runners only from each team will score towards the shield. As runners finish they will be handed a finishing number token which they will give to their Team Manager who will write their name, race number and finishing token on a form supplied by Swale Combined AC. This will then be handed to the race scorer with the collected tokens. The team with the lowest finishing score wins i.e. 1st, 3rd, 5th and 6th will score 15points.

All money raised from this event will go to the Sittingbourne rotary club and will be used for the Sittingbourne Invicta Community Chest (which supports a number of smaller clubs and groups).

While entry will be on the day and runners will need to register and pay their entry fee at the registration desk, we would like to know whether your school would be interested and able to attend this event, also an estimated number of runners. You can contact us by our email address: athletics@swalecombinedac.co.uk OR rscoones@hotmail.co.uk

There are also refreshments on sale such as burgers, cakes and drinks as well as entertainment from a live broadcast from the local radio station.

There will also be a chance after the race for anyone to try out some of the club's equipment (i.e. starting blocks and resistant parachutes).
